Education

Aditya Engineering College, B.Tech in Artificial Intelligence and Machine Learning   Sept 2022 – May 2026
- CGPA: 9.03/10.0

Projects

College Bus Tracking Website| React, Express js, Mongo db, IOT.
- Created a front-end interface to monitor the location of 12+ buses operating across multiple routes.
- Provided students with real-time bus arrival updates, reducing delays by 75%.
- Implemented an admin dashboard to manage bus schedules and monitor bus health metrics, resulting in a 30% reduction in maintenance-related delays.

Movie Ticket Booking Website| HTML, CSS, JavaScript.
- Built a 100% responsive movie ticket booking website catering to various screen sizes and devices.
- Designed user-friendly pages for selecting movie showtimes and seats, improving user satisfaction by 20%.
- Incorporated a dynamic filtering system for movies by genre, showtime, and rating, resulting in a 35% improvement in user navigation efficiency.

Developed Mini GUI for a quiz appilication| Java, SQL.
- Created a graphical user interface for a quiz application containing 10+ questions with real-time feedback which is designed to engage users interactively.
- Stored and managed questions data and user scores for 10+ users using SQL.
- Developed a scoring system leading to a 25% increase in user participation and repeat usage.

Certifications

Oracle certification , java

It Specialist certification, html and css

Cisco Javascript essentials badge

Red Hat Certified System Administrator

NPTEL online certification, Database Management System

Technical Skills

Programming Languages: Java,C ,JavaScript,python,HTML/CSS
Database: MYSQL,MongoDB
Development: React,Express
Others: Data Structures and Algorithms, Machine Learning, Computer Networks

Extracurricular Activities

- **Awarded for Paper Presentation:** Secured 2nd prize for presenting on "Blockchain for Sustainable Supply Chain Management" at VEDA event conducted in Aditya University.
- **Community Service Project:** Conducted a village survey and engaged in meaningful communication with 25+ residents to understand their needs and challenges.
- **Blood Donation Camp Coordinator:** Successfully coordinated a blood donation camp, managing logistics for 50 donors and facilitating smooth communication between donors and organizers.

Experience

- **Summer Internship at *Technical Hub***
  Gained hands-on experience in web development. Also Developed and implemented responsive web pages Collaborated in a team environment to design user-friendly interfaces and improve website functionality.
